PROCEEDINGS OF THE CITY COUNCIL OF THE CITY OF CORALVILLE, JOHNSON COUNTY, IOWA SUBJECT TO THE APPROVAL BY THE CORALVILLE CITY COUNCIL AT A SUBSEQUENT MEETING

A Regular Meeting of the City Council of the City of Coralville, Johnson County, IA was held at City Hall, 1512 7th Street on October 13, 2026 with Mayor Laurie Goodrich was called to order at 6:30 PM. Recorded webcasts of this meeting are on Mediacom 118-8 and on demand at www.coralville.org/coralvision.

The following Council Members were present: Knudson, Vogelzang, Peterson, Freeman. Absent: Huynh.

The following Staff were present: City Administrator Kelly Hayworth; Assistant City Administrator/ Community Development Director Dave Johnson; City Attorney Kevin Olson; City Engineer Scott Larson; Police Chief Kyle Nicholson; Water Superintendent Jordon Altenhofen; Production Assistant Dillon Jacobson; Communications Specialist Jon Hines; City Clerk Thorsten J. Johnson.

Mayor Laurie Goodrich reported there was a tragedy today when the Borlaug Elementary 5th Grade Class was participating in the School of the Wild at Lake McBride, and our hearts go out to everyone involved and our whole community. Goodrich called for a minute of silence for everyone to send prayers and concerning thoughts to all of those involved.

Motion by Huynh, seconded by Knudson to approve the agenda. Ayes: 4. Absent: 1. Motion carried.

Votes are 4 Ayes and 1 Absent for Motions, Resolutions, and Ordinances unless otherwise noted.

Mayor Laurie Goodrich proclaimed October 2026 as “Domestic Violence Awareness Month.” Andy Norveisas and Kathryn from DVIP/RVAP accepted the proclamation. Kathryn thanked the mayor and council for the proclamation and the continued support of their agency and for victim survivors across the area. In the last year, DVIP/RVAP served more than 1,500 domestic violence victims across the service area, specifically in Johnson County. Kathryn noted they have served over 1,000 and support like the city’s makes a big difference. Norveisas highlighted a couple of events coming up, this Saturday they will be at Hy-Vee and Fareway grocery stores collecting donations that keep their shelters stocked for about six months. On October 10th they will have the Clothesline Project from 10:00 AM to 1:00 PM at the Green House where survivors share their stories on shirts which are displayed for people to look at. Kathryn and Norveisas had their picture taken receiving the proclamation from Goodrich.

Councilperson Hai Huynh arrived at 6:35 PM. Votes are now 5 Ayes for Motions, Resolutions and Ordinances unless otherwise noted. Goodrich wished Huynh Happy Birthday.

Community Comments:

Fenek Coney, a resident for at least 12 years now, wished to speak to the mayor and council primarily about accessibility for these meetings. Coney started by acknowledging the mayor and council will be starting to discuss things regarding buses at the work session. They appreciated that, but they don’t appreciate the assumption that they just want them to copy and paste another city’s program and not recognize that other places may not be perfect either. Coney returned to speaking about accessibility noting members of the community have mentioned the space isn’t always feeling welcoming to everybody to come up and comment. Coney noted the mayor and council have continued to keep the three-minute time limit, regardless of how many or few people are wanting to comment and that short a time span is rather limiting not just on what topics are brought up but also for people to be able to get through discussing them. An email that may or may not get answered is not going to be the next solution for them. They want to speak to the mayor and council in person. They bring this up because a person at the last meeting came up to discuss how landlines were no longer going to be available with a very short turnaround for this decision and asking them to find solutions, but they cut her off. Tonight there are not a lot of people at the meeting wanting to talk and if they talk more than three minutes it won’t take up much more time, so if you have concerns about whether or not this space feels comfortable for other people to

comment because you feel that others like themselves will come up and repeatedly to talk to you can be off putting, then think about yourselves cutting people off. It doesn't make the mayor and council seem like they want to listen to people. Coney offered to discuss some solutions they have come up with if the mayor and council want to talk to them. They won't bring them up here because the arbitrary times is about to go off. Jacon Walleser wished Councilperson Hai Huynh Happy Birthday and thanked Councilperson Rich Vogelzang for his email, the newsletter that he sends out periodically and for soliciting feedback on fare free busing. Walleser likes the idea of more periodic emails with highlights about what is going on in the city. Walleser spoke in favor of investigating the fare free busing system and pointed out free is misleading because everything needs to be funded. It is worth a hard look at where the council can make cuts and some good studies. Walleser noted the demographics in Coralville and current usage of the bus system look kind of like. Walleser reported there is a dirt path in the IRL by The Banks that goes from the road and runs east side of The Banks to the bike path. Walleser thinks the path should be paved. Ruth Walleser told the mayor and council that she thinks people should be able to use the bus without paying because some people ride the bus everyday and what if they forgot to bring their money. Shelby talked about the lack of accessibility that continues to be an issue for this governing body. Shelby noted she has come to this council on multiple occasions to make sure disabled people are given a fair shake at participating in democracy and have offered ideas on how that can be done. Shelby feels the council has not taken advantage of those ideas. Shelby noted speaking to Huynh a month ago to set a time to go through and check out the accessibility of City Hall and have not heard back. Shelby did appreciate that they finally fixed the door and is not negating that in any way. It proves the city is capable of making these changes and it is important to keep making these changes. Shelby then spoke about fare free busing. Shelby stated there is ample data showing the fare free system in a success locally and the only thing keeping us from having this level of success is people dragging their feet on this issue, specifically the council. Shelby would appreciate it if the council could take the time to do better especially for the disabled folks of Coralville. Shelby thought it should not take over a month to order a new accessible podium, which they should be able to get through Amazon. Noah spoke to the council about accessibility and thanked them for fixing the door threshold's illegal height. Noah hoped some on the council reflected on their ableist comments from previous meetings and grow and change as a person. Noah noted before Goodrich was censured people were allowed to speak for five minutes and not it is three, so they are still feeling the effects of her retaliation. Another way to have accessibility is having hybrid meetings like Iowa City does. It's very easy, you just get Zoom at a very minimal cost that allows more people to participate. Noah noted he measured the bathroom doors with a force gauge, and it takes more than 5 pounds of pressure to open then which is not ADA compliant and should be addressed.

WELL 17 IMPROVEMENTS ENVIRONMENTAL INFORMATION DOCUMENT ~ PUBLIC HEARING

City Engineer Scott Larson gave a brief summary on the Well 17 Improvements showing the council where they planned to drill and letting them know anytime you build a well you will need a raw water main to pump that water to the Water Plant. The water main for Well 17 will start on the northeast corner of 12th Avenue and Oakdale Boulevard, cross to the west side of 12th Avenue, run north under Glen Oaks Ridge to a city-owned area that is part of the Stables Basin. Larson noted even though they have a Well 16 there are only 10 wells in operation and Well 17 will be the 11th contributing to our water supply. Larson then switched to read into the record the statement required by the State Revolving Fund:

CORALVILLE WELL 17 PUBLIC HEARING EID SUMMARY

The purpose of this project is to expand the City's raw water supply to meet current and anticipated water demands due to population growth, enhance their reliability, and increase capacity to safely and reliably operate the City of Coralville's drinking supply for the next 20 years.

Several alternatives were considered for this project including expanding the existing wellfield with additional Silurian wells, Alluvial wells, Silurian and Alluvial wells, constructing a surface water intake and phasing out existing wells; or connecting to a regional treatment facility.

The selected alternative consists of expanding the existing wellfield with Silurian and Alluvial wells. The alternative is the lowest percent worth cost of the options considered and provides the additional benefit of maintaining the diversity of water supply for the city and not depending too heavily on one source.

The proposed project includes the construction of a new well (Well #17) and the installation of a new water main from Well 17 to the existing transmission main. The proposed project also includes the installation of electrical service and a standby generator, site grading, seeding, controls integration, all necessary appurtenances and connections. Installation of the new water main will be constructed via open-trench methods and some directional boring.

Federal, state and local agencies were asked to comment on the proposed project to better assess the potential impact on the environment. A list of agencies contacted is available.

To date, no adverse comments were received from any agencies or the general public.

SUMMARY OF REASONS FOR CONCLUDING NO SIGNIFICANT IMPACT

- The project will not significantly affect the pattern and type of land use (industrial, commercial, agricultural, recreational, residential) of growth and distribution of population.
- The project will not conflict with local, regional or State land use plans or policies.
- Impacts to wetlands are not anticipated.
- The project will not affect threatened or endangered species or their habitats provided that any tree cutting is conducted between October 1 and March 31 to avoid impacting endangered bats. If any State- or Federally-listed threatened or endangered species or communities are found during the planning or construction phases, additional studies and/or mitigation may be required. Section 9 of the Endangered Species Act may apply and other wildlife conservation laws such as the Migratory Bird Treaty Act of 1918 and the Bald and Golden Eagle Protection Act of 1940.
- The project will not displace population, alter the character or existing residential areas, or convert significant farmlands to non-agricultural purposes.
- This project will not have effect on parklands, preserves, other public lands, or areas of recognized scenic or recreational value.
- Various Native American tribes with an interest in the areas and Local Government were provided information regarding the project.
- This project will not be receiving federal funds through SRF. As such this project is not considered a federal undertaking as defined in §300320 under the National Historic Preservation Act, 54 U.S.C. 300101 et seq. for the purpose of the SRF environmental review. If this SRF project receives federal funds from other sources, it is the responsibility of the applicant to ensure all federal requirements are met for that funding.
- If project activities uncover any item(s) that might be of archeological, historical, or architectural interest, or if important new archeological, historical or architectural data should be encountered in the project APE, the applicants should make reasonable efforts to avoid further impacts to the property until an assessment can be made by an individual meeting the Secretary of the Interior's professional qualifications standards (36 CRF Part 61).
- This project will not have a significant adverse effect upon local ambient air quality provided the applicant takes reasonable precautions to prevent the discharge of visible emissions of fugitive dusts beyond the lot line of the property during the proposed project (567 IAC 23.3(2)"c").
- The project will not have a significant adverse effect upon local ambient noise levels, surface water quality, groundwater quality or quantity, or water supply.
- No significant impact to surface water quality, fish, shellfish, wildlife, or their natural habitats is expected provided that an NPDES General Permit Number 2 (for stormwater discharge associated with construction activities) is obtained and the terms are abided by.

After Larson read the EID Summary, Goodrich thanked him for reading it and noted it is a requirement for us to receive State Revolving Funds *SRF."

Goodrich declared this the time for a public hearing on the Well 17 Improvements Environmental Information Document. There were no public or written comments. Goodrich closed the public hearing.

After the motion was made, Councilperson Royce Peterson asked if Wells 16 and 17 would be pulling water out of the same Silurian. Larson responded they are both Silurian wells.

Motion by Huynh, seconded by Peterson to receive, approve and place on file an Environmental Information Document for the Well 17 Improvements. Motion carried.

SLUDGE STORAGE ELECTRIC SERVICE

It was noted the public hearing will be on October 27, 2026.

RESOLUTION NO. 2026-146

Resolution setting a date of hearing on the plans, specifications, estimate of cost and form of contract for the Sludge Storage Electric Service, was introduced by Knudson, seconded by Huynh. A roll call vote was taken. Resolution declared adopted.

LOT 12, CORAL RIDGE COMMERCE PARK PHASE 10, PART 2

After the resolution was read, Assistant City Administrator/Community Development Director Dave Johnson reported the Site Plan for this project has already been approved and the only thing before the council tonight is the final plat for this 2.46-acre development. The Planning & Zoning Commission voted 5-0 that the council approve the final plat for Lot 12, Coral Ridge Commerce Park Phase 10, Part 2.

RESOLUTION NO. 2026-147

Resolution approving the Final Plat for Lot 12, Coral Ridge Commerce Park Phase 10, Part 2, Coralville, Iowa, was introduced by Vogelzang, seconded by Peterson. A roll call vote was taken Ayes: Huynh, Peterson, Freeman, Knudson. Abstain: Vogelzang. Resolution declared adopted.

AMENDING ADJUSTABLE-RATE LOANS

After Resolution No. 2026-148 was read, Councilperson Katie Freeman asked how many bonds this resolution is for. City Attorney Kevin Olson responded this resolution is for five bonds out of eight total.

RESOLUTION NO. 2026-148

Resolution amending Resolution No. 2016-67 (Series 2016C), Resolution No. 2017-247 and Resolution No. 2020-90 (Series 2017E), Resolution No. 2018-73 and Resolution No. 2020-90 (Series 2018G), and Resolution No. 2018-263 (Series 2018H), was introduced by Huynh, seconded by Freeman. A roll call vote was taken. Resolution declared adopted.

After Resolution No. 2026-149 was read, Councilperson Hai Huynh asked why we split these bonds into two resolutions. Olson replied the 2018Ks are Iowa Reinvestment Act sales tax bonds and have a different payment method and they will have a lower interest rate than the previous six bonds.

RESOLUTION NO. 2026-149

Resolution amending Resolution No. 2018-259 and Resolution No. 2020-90 (Series 2018F-1), Resolution No. 2018-260 (Series 2018F-2) and Resolution No. 2018-261 (Series 2018K), was introduced by Peterson, seconded by Vogelzang. A roll call vote was taken. Resolution declared adopted.

LOAN AGREEMENT

Huynh asked if this is the one transferred from Hills Bank. Olson replied it was from 1st Interstate. Johnson noted 1st Interstate is now Great Western Bank. Olson concurred, adding that is why this one is separate.

RESOLUTION NO. 2026-150

Resolution authorizing and approving a Loan Agreement and providing for the issuance of a Taxable General Obligation Urban Renewal Refunding Note, Series 2026E, providing for the levy of taxes to pay the same, and authorizing the call of outstanding indebtedness, was introduced by Freeman, seconded by Huynh. A roll call vote was taken. Resolution declared adopted.

PARKING ENFORCEMENT

After the resolution was read, Huynh asked what this is for. Police Chief Kyle Nicholson replied, currently officers have parking ticket books that they write handwritten tickets from, then they come back to the office and hand the ticket in, and staff enter the ticket into the system. This will automate all of that and it was discussed through his annual report as an option. Previously they had looked at a system through Tyler Technologies, which the city uses for various things. Unfortunately, they were unable to build the form they needed, so they sought another vendor and found T2 Systems, Inc. Huynh clarified this is just for the Police Department to issue a ticket like a parking ticket. Nicholson replied it is just for parking tickets for the Police Department. Councilperson Mike Knudson asked why they are only getting three mobile parking ticket devices. Knudson explained this is to make sure the system works well and it's mostly for 2:00 AM to 6:00 AM parking enforcement. If it works well, they will proceed from there. Huynh asked what the total number of devices they will need. Knudson replied once they make sure it works, they will add one more and he doesn't foresee needing more than four. The device is basically a phone with a printer attached to it and they have been told it is pretty slick.

RESOLUTION NO. 2026-151

Resolution approving a Confidential Quotation with T2 Systems, Inc. for Parking Enforcement, was introduced by Knudson, seconded by Vogelzang. A roll call vote was taken. Resolution declared adopted.

AMENDMENTS TO THE HUMAN RIGHTS ORDINANCE

ORDINANCE NO. 2026-1011 An Ordinance amending Section 26.3 of the Corde of Ordinances of the City of Coralville adding the definition of Sex Stereotyping, was introduced by Vogelzang, seconded by Peterson for 2nd consideration. A roll call vote was taken. Motion carried.

Motion by Freeman, seconded by Huynh to suspend the rules and have the third reading of Ordinance No. 2026-1011. A roll call vote was taken. Motion carried.

ORDINANCE NO. 2026-1011 An Ordinance amending Section 26.3 of the Corde of Ordinances of the City of Coralville adding the definition of Sex Stereotyping, was introduced by Freeman, seconded by Huynh for 3rd and final consideration. A roll call vote was taken. Ordinance declared adopted after its publication as required by law.

Motion by Huynh to approve the Consent Calendar items a-cc inclusive:

- **a)** Approve minutes for September 22, 2026, Coralville City Council Regular Meeting.
- **b)** Approve Special Class C Retail License with Outdoor Service and Living Quarters for **Avid-Candlewood**: 10/02.
- **c)** Approve Class C Retail Alcohol License for ***Estela's Fresh Mex***: Eff. 11/06.
- **d)** Approve Class C Retail Alcohol License with Outdoor Service for ***Buffalo Wild Wings Grill & Bar***: Eff. 11/15.

e) Approve payment to **All American Concrete, Inc.** for IRL curb repairs (#6486): $13,500.00.

f) Approve payment to **Otis Elevator Company** to professionally clean elevator pit at West Parking Ramp (#746955): $13,557.00.

g) Approve payment to **Dano Enterprises, Inc.** for 72,000 custom printed lawn/leaf bags (#00040496): $44,784.00.

h) Approve payment to **Global Software** for Annual TAC Maintenance Renewal (#TACMN0000884): $72,218.10.

i) Approve payment to **BerganKDV** for interim billing of the audit of financial statements for the year ended, June 30, 2026 (#1295381): $35,000.00.

j) Approve payment to **Ferguson Waterworks #2516** for water meters (#0562108): $14,105.00.

k) Approve payment to **CHMWarnick, Inc.** for October 2026 Asset Management Fees for the Hyatt Regency Coralville Hotel & Conference Center (#17720): $16,317.28.

l) Approve payment to **Quality Care Lawn** for Youth Sports Complex Field Improvements irrigation line repairs (#104090): $7,317.03.

m) Approve payment to **DeLong Construction, Inc.** for Heartland Drive Fill Placement (08/24/2026): $42,643.00.

n) Approve payment to **Simmons Perrine Moyer Bergman PLC** for the University of Iowa Hospitals & Clinics litigation:

i)	Invoice #455332	$26,019.40
ii)	Invoice #475531	$6,548.87
iii)	Invoice #476965	$12,841.87
iv)	Invoice #481320	$4,308.87
v)	Invoice #483826	$47,313.37
vi)	Invoice #486147	$13,951.96

o) Approve payment to the **Iowa Department of Transportation** for the Clear Creek Trail under I-80 Annual Payment 1 of 3 (#CI0033237): $30,808.16.

p) Approve payment to **Shive-Hattery, Inc.** for consulting services for the:

i)	Forevergreen Road Extension (#2250013840-11)	$30,030.66
ii)	Heartland Drive Roundabout (#2112301060-38)	$8,243.10
iii)	Coralville Recycling Center (#2112301060-41)	$458.34

q) Approve payment to **RDG Planning & Design** for Ridgeview Stormwater Basin Design (#64220): $22,399.05.

r) Approve payment to **Action Sewer & Septic Service, Inc.** for televising residential downspout outlets for Forevergreen Road Extension Phase 1 (#135707): $245.00.

s) Approve payment to **Veenstra & Kimm, Inc.** for:

i)	WWTP Sludge Building Electric Service Repair (283316-2)	$3,227.50
ii)	Oakdale Trunk Sewer Improvements – Design (283312-3)	$17,100.00
iii)	Well 17 – Design Services (#283308-7)	$20,250.00
iv)	WWTP Biosolids Transfer Pump -Construction (#283305-10)	$530.00

t) Approve **ClearSpan Fabric Structures International** for installation and helical labor for the new recycling building (#52836): $55,521.00.

u) Approve Change Order to **MacQueen** for shipping firefighter protective gear that was approved at the 6/23/2026 Council Meeting: $60.83.

v) Approve Pay Estimate #10 to **Wendler, Inc.** for the WWTP Biosolids Transfer Pump & Repairs: $14,744.00.

w) Approve Change Order #1 to **ACME Electric Company** for the Wells 9 & 10 Generator Improvements: +$43,023.00.

x) Approve the 28E Agreement with the **Iowa Alcoholic Beverages Division** for the I-PLEDGE Tobacco, Alternative Nicotine and Vapor Product Enforcement Program for Fiscal Year 2027.

y) Approve attendance of Anthony Detwiler at FBI LEEDA – Media & Public Relations in Rosemont, Illinois from April 11-16, 2027: $2,239.33.

z) Approve attendance of Alex Buhmeyer at Partners in Community Forestry in St. Louis, Missouri from November 17-20, 2026: $2,279.08.

aa) Approve attendance of Kelly Hayworth at ICMA Annual Conference in Long Beach, California from October 17-21, 2026: $3,277.68.
bb) Approve July 2026 Treasurer's Report.
cc) Approve Bill List for September 22, 2026.

Seconded by Freeman. A roll call vote was taken. Motion carried.

Receipts for the month of July were General: 5,812,735.64; Road Use: $1,089,066.60; Police Grant: $4,924.65; Employee Benefits: $13,952.70; Iowa River Landing Operation: $375,327.37; TIF -12th Avenue: $10,222.61; TIF-Oakdale: $126.99; TIF-Mall/Hwy 6: 100,270.77; Debt Service: $49,441.27; Special Assessment: $6,392.46; Street Improvements: $1,328,275.81; City Improvements: $622,576.00; Iowa River Landing: $588.22; Streambank Mitigation: $565.96; Camp Cardinal Road: $200,696.54; Trust & Agency: $19,078.48; Water: $699,791.87; Sewer: $1,135,716.25; Parking: $1,750,633.16; Solid Waste: $423,964.27; Transit: $945,445.01; Storm Water: $135,727.91; Hotel: $718,777.27. Total receipts for July 2026 were $15,444,297.81 and of this $159,001.22 were property tax.

Assistant City Administrator Dave Johnson reported the Police Department was named "One of the Coolest Places to Work" by the Corridor Business Journal. This recognition is given annually by the Corridor Business Journal to companies in the eastern Iowa 7 county corridor that have created engaging and rewarding work environments. Johnson congratulated Police Chief Kyle Nicholson and the Coralville Police Department as well as the other awardees. On November 18th the Corridor Business Journal will have a banquet at Field Day Brewing Company in North Liberty from 5:30 PM to 8:00 PM if people are interested in registering. The Police Department is conducting sergeant interviews and assessments this week and there are three officers going through the process. Trunk & Treat will be held at the Aquatic Center Parking Lot on Sunday, October 18th from 2:00 PM to 4:00 PM. This event is free and open to the public and is sponsored by the Coralville Police Department. Kids can trick or treat from decorated trunks and there will be games, candy as well as activities. Christopher Merrill has been named the 15th recipient of the Paul Engle Prize which is presented by the Iowa City UNESCO City of Literature Organization. The prize honors individuals that represent a pioneering spirit in the world of literature through writing, editing, publishing or teaching. Merrill retired at the end of 2025 after 25 years as Director of the International Writing Program at the University of Iowa and will receive the award at a ceremony at 2:00 PM on October 18th at the Coralville Public Library. The event is also free and open to the public. Johnson added the new Recycling Center on James Street is coming along well and is scheduled to open in November.

Mayor Laurie Goodrich congratulated the Fire Department on another successful open house and chili supper on Sunday. It was fun to see so many families out and enjoy visiting the fire station and looking at the fire trucks while enjoying the meal and visiting. Goodrich thanked the volunteer firefighters. Goodrich noted the Streets Department did a great job handling Mayor's Cleanup and thanked all their staff. Goodrich announced the city is organizing cleanups around town and there will be a tree planting opportunity. The Parks & Recreation Department has 300 trees they received as a grant from the IDNR. Goodrich stated she couldn't help but brag about this *Coralville Connection* and all the information in it along with the information on our website. There is a roof repair grant accepting applications right now and opportunities to apply for city board and commission openings. Goodrich encouraged everyone to check this out and get involved. Goodrich announced Trick or Treating in Coralville is Saturday, October 31st from 5:30 PM to 8:00 PM.

City Attorney Kevin Olson had nothing to report.

Goodrich wished Councilperson Hai Huynh Happy Birthday. Huynh didn't have much to report but asked if the public could join the tree planting party and if so, how do they register. Goodrich replied that those who are interested can contact the Recreation Center. Johnson agreed letting Parks & Recreation Director Sherri Proud know in advance would be very helpful for when she assigns people to certain sites and jobs. Huynh asked if the new Recycling Center will collect glass. Goodrich replied they will and there will be containers outside the enclosed building. Olson agreed and City Engineer Scott Larson added it's in cooperation with the City of Iowa City.

Councilperson Royce Peterson reported he will be out of town for work at the next meeting in Louisiana for a health conference. Peterson asked with the new Recycling Center opening if the city could collect biohazardous sharps like insulin needles, because GLP-1s are becoming more prevalent and a lot of people have those needles. Peterson knows the Iowa City Landfill takes them one or two days a week, but maybe they could come to our facility like once a month for a few hours. Peterson and his wife are looking forward to Halloween because they get to see all the children come by and his wife does a great job decorating. Peterson hoped Finance Director Ann Hester gets well soon, and the mayor's shoulder gets feeling better. Goodrich thanked Peterson.

Councilperson Katie Freeman reported they did not have an Arts Commission meeting this month. Freeman noted Parks & Recreation Director Sherri Proud is making some progress putting together the internship role that the Arts Commission would like to gather all the information about public art in Coralville. Freeman was able to have a conversation with the Housing Fellowship and Johnson County Affordable Housing Coalition, and both groups would be happy to give the council a presentation on what they do in the area and Freeman thought that was a good idea. Freeman noted the council will be discussing fare free busing and she wanted everyone to know she has received several comments that there should be a bus route to the DMV since it moved from a very accessible location in Iowa City with bus routes and now no routes are an extra barrier. Freeman would like to add that to the discussion on fare free busing.

Councilperson Mike Knudson wished Huynh Happy Birthday.

Councilperson Rich Vogelzang wanted people to know he has always found that serving on a board or commission is very fulfilling way to be involved with the community and encouraged people to check out those opportunities on the city website. Vogelzang reported having a brief conversation with Mike Venema who is in charge of the law enforcement accreditation process at the Iowa League of Cities conference and when he found out he was from Coralville he was very complimentary about the Coralville Police Department and everything they did to earn the accreditation. Goodrich added they are also a very cool place to work.

Councilperson Hai Huynh thanked Shelby, Noah and Fenek for coming to the meeting tonight and wanted them to know she had not reached out to them yet because they have not found a time that works for city staff that are involved with setting up the Council Chamber and she wants to make sure those staff members are available before she reaches out to ask for their time to tour City Hall to point out accessibility issues. Huynh promised to get back to them soon.

Councilperson Royce Peterson reported he had the opportunity to go and speak at the grand opening of Halberstadt's and wanted the city to know they were very grateful and will be having a long like two-month grand opening sale. Peterson added it was a great event. Goodrich informed everyone Coralville has a long tradition that whenever a new business chooses to have a ribbon cutting a city representative comes to say a few words and then gives the owners a plaque with a key to the city and a dollar bill on it to wish them many prosperous years in Coralville. Peterson noted when the owner asked what the key was for he replied it's to a bright new future in Coralville.

Motion by Peterson, seconded by Knudson to adjourn at 7:25 PM. Motion carried.

Laurie Goodrich, Mayor

Thorsten J. Johnson, City Clerk
